5. CLINICAL SAFETY & SECURITY PROTOCOLS

NABH & HIPAA COMPLIANT

⚠️ Mandatory Hospital Clinical Workstation Security Guidelines

- **Role Separation:** Staff must only log into workstations assigned to their active clinical duty (Doctor, Nurse, Pharmacy, Lab, Cashier). Do not share session logins.
- **Audit Logging:** All prescription signatures, diagnostic records, laboratory sign-offs, and stock adjustments are cryptographically timestamped and logged with user ID.
- **Password Modification:** On first institutional login, staff are prompted to change their temporary default password in the Profile Setup module.
- **IT Escalation:** For account unlocks or workstation provisioning, contact the Hospital IT Helpdesk at ext. **3000** or email **admin@smvmch.ac.in**.
